

# Ataa! Soona Luna?

**Join us for a presentation celebrating the completion of this important sculptural collection by renowned Inuit artist Angus Cockney (the Icewalker).**

*Ataa! Soona Luna? (Listen! What Moon?)* interprets through art the Inuit stories of the year's 12 moons as handed down from the Icewalker's great-great-grandfather to his grandfather to the artist himself. Through this personal presentation about his journey translating these meaningful stories into physical sculptures, Cockney will share the importance of oral history in preserving Indigenous culture through the generations.

**Thursday, September 22, 2022  
7:00-9:00 PM**

Prince of Wales Northern Heritage Centre  
4750 48<sup>th</sup> Street, Yellowknife, NWT
